G, %, A %, C, Bm

Form: x, A, B, x, A, B, x, C, A, x, D, z, x (4x)

High Summer  
Too warm in the kitchen  
To sit and listen to the radio  
Night coming  
Wipe the sweat from your neck  
That you get  
Even when you're moving slow  
    On a hot night  
    A hot night  
    A hot night like this

In the sticky humid air  
Only thing moving is fans  
In the window  
Lights out everywhere  
Even new lovers don't lay  
Near on the pillow  
    On a hot night  
    A hot night  
    On a hot night like this  
*Ooh, ooh – Try to sleep*  
*Ooh, ooh – Escape the heat*  
*Ooh, ooh – Toss and turn*  
*Ooh, ooh – While the **dream-less** city burns!*

On a hot night like this  
Arguments and cries  
All get magnified  
In the street below  
You want a cool drink to be fixed  
Splash your face at the sink  
Try to think where you gonna go

And you wish that it would rain  
Cool these streets that feel like flame  
Clouds crowd the sky  
But things don't seem to change  
    On a hot night  
    A hot night  
    On a hot night like this  
  
    On a hot night  
    A hot night  
    On a hot night like this
